Experience the culture

Malta has a history dating back thousands of years. Civilization in Malta began to develop more than 7000 years ago. Over the following centuries, the Maltese islands were under the rule of m.in. Phoenicians and Carthage, Ancient Rome, the Arabs, the Kingdom of Sicily, the Order of Malta and Great Britain. The fate of the Maltese islands is reflected today in culture, language and architecture. An example of this is Valletta with its 320 monuments, making it one of the most valuable historic areas in the world.

The entire city has been declared a UNESCO World Heritage Site.

All's well that ends well

Learn as though
you would never be able
to master it;
hold it as though
you would be in fear
of losing it.
